2017 Electronic Votes

Radon Testing

The Board election was held by email on July 29, 2017, in order to preserve the owner's right the HOA allows owners to mitigate radon issues, but the work is the responsibility of the individual homeowner to have the work completed per Colorado State and Local codes. The owner of the unit is responsible for the work and cost of the work. Before radon mitigation work begins the owner needs to give the property manager the contractors contact information, current liability and workman's compensation certificates and NEHA/NRPP Certification Number, and plans on how the work will be completed and

how the exterior work will look. The contractor's plans need to be approved by the HOA Board before any work begins.

Board Election

The Board election was held by email on March 30, 2017, in order to preserve the owners right to a secret ballot. Craig Caukin and Tanya Santiago received the most votes and will be serving a 3 year term.
